

**COOPERATIVE FIRE PROTECTION AGREEMENT
BETWEEN
CLEVELAND NATIONAL FOREST
AND
EL CAJON FIRE DEPARTMENT**

THIS COOPERATIVE FIRE PROTECTION AGREEMENT is made and entered into by and between the USDA Forest Service, Cleveland National Forest, hereinafter referred to as the FOREST SERVICE, and the El Cajon Fire Department, hereinafter referred to as the DEPARTMENT and jointly referred to as PARTIES under the authority and provisions of the Reciprocal Fire Protection Act of May 27, 1955 (42 USC 1856), the Stafford Act, Public Law 93-288 as amended (42 USC 5121 et. seq.), the Granger-Thye Act of April 24, 1950 (16 USC 572), and the Cooperative Funds and Deposits Act of Dec 12, 1975 (16 USC 565a1-3).

I. PURPOSE

The purpose of this Agreement is to provide for joint participation in Incident Management Teams and for cooperation in the suppression of wildland fires. This Agreement may also be used for the purposes of providing other miscellaneous overhead positions to support incidents.

II. STATEMENT OF MUTUAL BENEFITS AND INTERESTS

It is mutually advantageous, and in the public interest for the PARTIES to coordinate their efforts by participation on Incident Management Teams. Familiarity gained with the Incident Command System (ICS) will institutionalize large incident management techniques across Federal, State and local municipalities so that there will be seamless transitioning between various entities providing emergency services management. It is also mutually advantageous for both PARTIES to provide support and participate in non-fire emergencies of national scope.

Therefore FOREST SERVICE and DEPARTMENT are jointly participating in area and national incident management teams with the goal of cross training, standardization and mutuality of interests that will ultimately benefit the public by increasing large incident management efficiency and effectiveness.

The FOREST SERVICE has the desire to increase total incident management capability by including and utilizing DEPARTMENT resources and skills. The continued encouragement of Local Government employees on IMTs helps to meet this goal.

III. GENERAL PROVISIONS

1. **ANNUAL OPERATING PLANS** The PARTIES will meet annually, prior to the initiation of fire season to prepare/review an Annual Operating Plan (AOP). This AOP will specifically identify individuals assigned to Incident Management Teams. Other individuals and/or fire overhead positions may be identified as well for those who will be available for assignments to support incidents. Specific areas to be addressed in the AOP are (1) current rates for use of FIRE

DEPARTMENT personnel, (2) lists of principal personnel, (3) dispatching procedures, and any other items identified in this Agreement as necessary for efficient implementation. This AOP shall become attached to and made a part of this Agreement.

2. **ASSISTANCE BY HIRE** Assistance by Hire is the provision of fire suppression resources, by one PARTY to another, on a reimbursement basis. All requests to hire fire protection assistance must be clear and precise and shall be processed and recorded through the dispatching systems of the PARTIES. Requests not processed in this manner will not be reimbursable. Personnel, equipment, supplies or services provided by the Supporting PARTY and essential to filling the resource order, which are necessary and reasonable, shall be considered as reimbursable as Assistance by Hire. The DEPARTMENT may provide out-of-state assistance to the FOREST SERVICE when requested. Such assistance will be Assistance-by-Hire unless otherwise specified as mutual aid in the AOP pursuant to this agreement.
3. **REPLACEMENT OF FIRE SUPPLIES** Replacement of PARTY-owned supplies that are lost, damaged, or expended may be re-supplied at the incident prior to demobilization and according to established procedures.
4. **TRAINING** The PARTIES will cooperate to insure that jointly provided training will produce safe and effective fire and aviation programs. The intent is to provide high quality training that will minimize training costs by sharing of resources, standardization of courses, improve firefighting efficiency and safety. Training also includes participation of fire team members at annual Incident Management Team meetings so members can maintain competency for their specific positions. Each PARTY will bear the cost of training for their respective employees unless specifically addressed in the AOP.
5. **FIRE TRAINING CENTERS** The PARTIES to this Agreement agree to reimburse (or bill) the other PARTY for fire training rendered at PARTY'S training center(s). Billing and reimbursement procedures for this training will use the process identified at the respective fire training facility. Reimbursement and billing arrangements for the rent of either PARTY'S training facilities is also considered part of this Agreement and billings will also be processed as identified by each training facility.
6. **BILLING PROCEDURES** The Supporting PARTY will bill the Protecting PARTY for costs incurred for assistance provided and identified as reimbursable. Reimbursable costs may also include transportation, salary, benefits, overtime, and per diem of DEPARTMENT personnel assigned to FOREST SERVICE Incident Management Teams and miscellaneous overhead assignments. Rates and conditions of use for the equipment and personnel will be mutually agreed to and documented in the AOP. The costs of "backfilling" employees of either PARTY into local home unit positions for personnel that have been mobilized to incidents are not reimbursable.

PARTIES shall submit a bill within 90 days of the incident.

PARTIES must use their own invoice for billing under this Agreement to avoid any confusion with other services that may have been ordered under other agreements(s). **For the purpose of this Agreement, OES F-42 is not an acceptable support document.** Invoices must identify Supporting PARTY name, address, and Taxpayer Identification Number (DEPARTMENT only), fire name, order and request number, and bill number and amount. Invoice supporting documentation must include description of services performed, period of services performed, and any applicable cost share agreements. Supporting documentation will itemize details of billing, listing personnel, equipment, travel and per diem, aircraft, supplies and purchases as approved in the attached AOP. It will also include itemized deductions for fuel, oil, maintenance and repair of equipment. DEPARTMENT invoices will include "Record of Activities" (FSLA-5) and FOREST SERVICE invoices will include transaction register.

The applicable administrative rate may be applied to reimbursement billing utilizing Office of Management and Budget's, "Cost Principles for State, Local, and Indian Tribal Governments" OMB Circular A-87 (60 FR 26484, dated May 17th, 1995).
